How to Increase Your Chances of Winning a Lottery. Everyone wants to win the lottery, but most of us don't even have a single lucky number on our ticket. So how do you increase your chances of winning? Well, usually, by chance. The more...Hi Lottery Fans, Richard Lustig here, The Worlds first and only 7 time Lottery Game Grand Prize Winner. As you have probably read from the testimonials on my website or in my book, two of the best ways to increase your chances of winning the lottery are to play the same numbers and play consistently. Looking at those odds, you're more likely to be killed by an asteroid (1 in 700,000), be struck by lightning while drowning (1 in 183 million) or give birth to quadruplets (1 in 729,000) according to a CNN article. Of course, in probability, if you do not play the lottery, your chances of winning reduce to zero or impossible. The lottery is not a strategic game. All the winning numbers are drawn at random, and there is no way of predicting which numbers the system will pick.
